GATSBY'S COCKTAIL MENU

"TRADITION IS NOT THE WORSHIP OF ASHES BUT THE PRESERVATION OF FIRE"

A cocktail renaissance was afoot during the roaring twenties, heralding a gilded age of drinking with decadent parties across Europe. Fitzgerald's penchant for a Sour and Hemingway's favoured Martini became the stuff of legend. Bartenders were finding new ways to dress up the Old Fashioned, while the jubilant end of WWI birthed an unforgettable take on the Champagne Cocktail.

Each cocktail we create today is a descendant of a classic, built upon the strong foundations laid by these drinks, applying their proportions and principles - fine spirits, balanced flavours - in inventive ways.

We honour these giants that have stood for generations with contemporary spins for the modern world. Allow us to pour you a tale to uncover the stories behind these beloved classics and discover why they have endured. Heritage in every sip, progress in every stir.
